GENERAL INFORMATIONS ABOUT THE EVENT:

At the competition can take part all the ferrets that have the Origin Certificate (Pedigree paper), the Breeder Certificate or the Standard Certificate issued by Associazione Italiana Furetti - Furettomania. The ferrets that don't have any Certificate of Furettomania can take part to the pre-selection (Standard) of the Beauty Contest that will be during that morning (angora excluded). Ferrets that will obtain equal or higher score than 8/10 will win the Standard Certificate and so they will be able to take part to the next contest.

To take part to the competition it's necessary to send a entry form within 1 April 2010 (to complete at the event with fee payment and veterinary check); it will be not possible to enter the ferrets the day of event.

REQUIREMENTS:

All ferrets entering the show hall must show the personal veterinary booklet. Moreover they must be in good general health condition. Both intact and neutered ferrets can take part to the competition.

To take part to the competition the ferrets must have **current canine distemper immunization records:**

✓ in case of a Kit (2/4 months): **at least one spot**

✓ In case of an Adolescent or Adult (more 5 months): **at least one spot and one booster** (with no more than 30 days from first to second spot). Moreover, **the date of the last spot mustn't be older more than 12 months from the previous spot (and from the day of the event)**

Ferrets of foreign exhibitors must have also the European passport and rabies vaccination (not older more than 12 months from the date of the event).

When you arrive to the show hall, your ferrets must pass through a general veterinarian check and receive a number and the indication of their category, in conformity to the rules (the rules of the Furettomania's competitions can be downloaded on the website of the Association www.furettomania.it or you can ask to see them at the event at the table of Entries).

If the veterinary will declare that ferret's vaccination records are not right or it isn't in good health, his decision will not be challenged, in the same way if a judge will decide that the ferret isn't suitable to take part to the show. Moreover are not accepted at the show: Pregnant and nursing jills, kits under 2 months age, angora ferrets (which have: long hair, lack of undercoat, extra nose fold, fur on and inside nose), animals with infectious pathologies or not in good health condition and general appearance.
