## GENERAL INFORMATIONS ABOUT THE CONTEST:

In order to obtain the "Suitability for Reproduction" Certificate issued by Furettomania and dedicated to **Intact Ferrets**, it's necessary to sent a pre-registration within **1<sup>st</sup> of April 2010** (to be validated the day of the exhibition with payment, veterinary check and number assignement).

All ferrets that will obtain an equal or higher than 80/100, will receive the "**Suitability for Reproduction**" Certificate and their future kits will be able to ask and receive the Origine Certificate released by Furettomania, provided that both mother and father have received the "Suitability for Reproduction" Certificate, or that one of the two parents has the "Suitability for Reproduction" Certificate and the other one has the Origine Certificate, and that kits have been regularly registered at Furettomania Certificate Office within 30 days from their day of birth.

## REQUIREMENTS:

**Intact ferrets SUITABLE FOR REPRODUCTION** that participate for obtaining the "Suitability for Reproduction" Certificate **must have the following requirements:**

- ✓ age required: minimum 6/8 months, under judge discretion (the judge can decide if ferret has already reached the adult age) and **max. 3 years for females and 4 years for males.**
- ✓ they must have **microchip** and its number must be **registered at microchip registry office** of Furettomania
- ✓ they must have a **veterinary certificate**, released **within 3 months from the date of the exhibition**, which attesting ferret's good health condition and that the ferret, after a complete veterinary control, does not present the following pathologies: heart malformations, visible congenital pathologies, dysplasia, cryptorchidism. (fac-simile attached \*)
- ✓ ferrets must exhibit their own veterinary booklet with all vaccinations including distemper: **al least 1 vaccination and 1 spot (vaccination and the 1st spot can not have a lapse of time superior than 30 days one from the other).** Furthermore, the date of the last vaccination can not be superior than 12 months from the previous vaccination (and from the date of exhibition).  
If vaccinations are not correct, the ferret will not be allowed to enter the exhibition and, anyway, the correct vaccination prophylaxis will be valued by the veterinary responsible in the exhibition.
- ✓ Ferret must be in a perfect health condition and in a good state of general aspect.
- ✓ **The following are not allowed in competition:** pregnant ferrets, kits under the age of 6/8 months, adopted ferrets, ferrets with angora features and animals with infective pathologies.
- ✓ You have to fill the **genealogy form** attached and know **at least** the parents of the ferret you enter the contest.

At the arrival there will be a general **veterinary control**, with assignation of number and of exhibition category, as explained in Exhibition Guidebook (Exhibition Guidebook can be downloaded from Furettomania website [www.furettomania.it](http://www.furettomania.it), or you can ask for a copy to the registration desk during the exhibition).

## \*FAC-SIMILE VETERINARY CERTIFICATE:

The veterinary medical certificate should be presented for approval for the enrolment of the ferret; one certificate for every ferret registered for the competition, together with the payment of the contribution for enrolment for the competition; the original certificate will remain in the files of Furettomania. The certificate must be signed by a veterinary doctor, who has treated your ferret, has all of the data of the ferret (name, age, sex, colour, genealogy, and microchip) and the name of the owner (name, surname, address, etc). The veterinarian, after the necessary assessments, must state in the medical certificate the following wording: "After a visit and an examination regarding said ferret of *name, age, sex, colour, microchip*, of property of Mr/Mr. *name, surname*, the owner, I declare that the ferret is exempt from dysplasia and bone deformations, cryptorchidism, heart malformations and visible congenital pathologies. I declare besides that nutritional and health of the ferret is good." You will not receive a score card, so if you have any question about how your ferret was scored, please feel free to talk to the judge after the awards have been given.

## CATEGORIES

Ferrets will be divided in 2 categories, just according to sex.

**1st Group: Males** - male whole ferrets, aged between 6/8 months (under judge discretion) and 4 years, with no subclasses for colour.

**2nd Group: Females** - female whole ferrets, aged between 6/8 months (under judge discretion) and 3 years, with no subclasses for colour.

## CLOSING OF REGISTRATIONS

\* Closing for pre-registration: within **01<sup>st</sup> April 2010** (within this date pre-registration entry forms must be **received** by Furettomania)
